Most passed by also took their leaflet

Social Community Network

What to do

They have 2 Board to post Miss Chung poster and fourth flag

Welfare club is support DAB ,They have table ,poster and leaflet near the entrance and one banner at the top .It is more clear

But SCN only have counter and staff

Content :

DAB do not have broadcast while SCN have more.

But the Broadcast is by staff (student, Girl)

In the dialogue ,

She say the voters must know who will help them? She stated DAB support the link ,support Article 23 .What they "fight " is minor issues ,it is nothing related to resident . DAB is the member of Beijing . They obey North but nothing to do to HK people . SO if support DAB means let them to take away HK people right and things

But Mr Kwai will not , He is working for Wanchai ,so support Kwai is support HK people ,support social equality .So She is keeping alert to other ,the effect is lagger than DAB

Nothing to do but sitting ,the flag is also their agenda

"libel and work for people"

DAB is less in here ,just have 2 staff to distribute the leaflet .

Location : 7:55pm

The cross between Tram road and Wanchai Road

It is the most popular sense among the "election spot "

2 parties set large group of people to promo their candidates

DAB : Flag 8 ,staff , table also the most . 11 staff

They ask people to support Miss Chung ,giving leaflet , and speak out .

The staff is many ,they have broadcast saying Support Chung but the content not cover more ,not like stable soc etc ,just say Miss chung will work and serve wanchai

SCN : Many staff also but no broadcast

Staff 12

They do a lot in staff self broadcast , they raise up the banner , and repeat Pl support Mr Kwai . Flag : SCN 7 Staff 7

Standing is difference

Both set like a one in one ,with some staff on the left some in the middle some in the right .

This is "call for something"

Their Head also come ,DAB : Yip Kwok Him

SCN : Mr Lau Shan ...

It is the popular election spot and it is many traffic around

The police intervene but no action

Location :

The road to the poll station .From the last election spot to the poll station

It is nothing happen

But sometimes have mobile election support car

8:15 pm-

Location :

Poll station ,

since the time is almost end ,went back to see what both groups will do

DAB : There is nothing in there ,this is anti- election area ,so nothing ,but SCN have staff in duties .

There are the previous poll survey inst and staff , They kept to interview people
HK POP poll survey staff kept record .

8:30 pm nothing special

8:45 pm SCN staff back ,The head of SCN came , Mr Kwai also back . They estimated the votes .When the poll station release numbers of voters ,Mr Wong was "give up " saying "the end " There are 1200 votes ,so they knew how much is SCN

SO their staff seems slow down

9:00pm

SCN Head Mr Wong and Candidate Mr Kwai stationed at the poll station

DAB is none .

9:25pm DAB Mr Lau appear and read the Voters voted memo .The voices is small which tell they are won. There are 1500 ,we can say....

Then they left out ,SCN Sui ,Mr Lau Kwok Shan also came ,but they are upset to see the voting . Then 9:45pm Media arrived ,they set up equipment to prepare the live reporting .

10:05 pm

DAB and SCN staff back to poll station ,but SCN have election car which seems to promo once . This is restricted ,so the poll station official warned him ,but Mr Leung Kwok Hung said ,i am not support Mr Kwai ,i am saying the DAB is not right .I hate DAB ,this is my freedom

He repeated saying DAB is tell lies ,if people vote DAB is to say DAB takes all of their things . The voters is killing themselves

10:25pm

Media have spotlighted the poll station ,Mr Leung scold DAB , and spoke loudly

Mr Leung say once ,Mr Wong laughed , Other SCN supported . Media have recorded but it seems no one have broadcast it?

10:30 pm the onsite observation end

The station was closed ,Mr Leung scold DAB ,but no use . WE saw DAB Big Head came with a "smile " ,so what means ,so they knew the outcome already?

Is the polling interviewer is their staff?

There are many questionmark ,but all is finished when the gate is closed.

The result is no one can change
